Every day, hunger kills nearly 8,000 kids. You can do something about it. Starting at 1:00 PM 18/11/11 ISS students will band together to fight hunger, save lives—and write a different story for the planet.

So what exactly is the 30 Hour Famine?- Students around the world fighting hunger. It's that simple. Every year, hundreds of thousands of students do the Famine. They go without food for 30 hours. They learn what it takes to stop hunger in its tracks. They raise funds to help feed and care for tens of thousands of kids all over the world.

What do students get out of the Famine?- Their eyes are opened to a world of hunger and hope. Their minds are filled with the understanding needed to fight poverty and injustice. They experience hunger firsthand to help feed and care for hungry kids. The result? Not only are students helping save lives by doing the Famine, they are growing closer to each other while they change the world.

Community Service Assembly 22/11/11

Community Service is volunteer work given to the community, be it on a local, national, or international level. Projects at QSI include such activities as raising funds to assist a disadvantaged primary school in northeast Guangdong Province, supporting established programs to "Save the Panda" and increasing student awareness about environmental issues. As part of the QSI Shekou Community Service program, each Secondary Student I-IV is required to perform a minimum number of 35 hours for the year (3.5 hours per month) of quality volunteer work. It is up to each student to choose projects that seem most worthwhile and those that interest his/her personally. Students are certainly welcome to complete more than the minimum number of hours in each year.
