

5 May, 2011	QSI ECC 4 Year Old Team Newsletter	
	<p>Dear Parents,</p> <p>Can you believe that we only have five weeks before we say good bye to each other? Some of you will go to your home countries, some will take a family vacation and some will move on to different countries. But before we do so we will have the Spring Concert and few more fun things to do together. Like next week the 4 year olds are going to Evergreen Park to review everything we learned about water. We can't wait to see all the examples of water and the animals that live in the water.</p> <p style="text-align: right;">Ms. Alma, Ms. Carmen, Ms. Ellen, Ms. Mirka and Ms. Sarita</p>	
<i>Events</i>		
<p><u>Field Trip to Evergreen Park</u></p> <p>Tuesday May. 10, 2011 We need parent volunteers. Thank you!</p>	<p><i>Jolly Phonics</i></p>	<p>This week we have been singing Jolly phonics songs and reviewing all the letter sounds that we have learned this year. We have also been practicing how to blend the letter sounds to make words. What fun!</p>
<p><u>ECC Spring Concert</u></p> <p>May. 31, 2010</p>	<p><i>Language Art</i></p>	<p>Wonderful Water - This week we have been continuing with the same topic as before. It has been a good transition from the last topic "Ocean Animals" to go to "Wonderful Water". We read many books and did many projects about water and learned many ways water is used. We also played with the water tables that we have in ECC. Splash!</p>
<p><u>ECC Spring Concert</u></p> <p>May. 31, 2010</p>	<p><i>Mathematics</i></p>	<p>Making Graphs - What a good topic! We have been playing "investigators"! The children have been going around the school and classrooms to ask teachers questions, like "How did you get to the school today?" or "What color is your favorite color?" Then the students made graphs from their results!</p>
<i>Reminder</i>		
<p>Parenting Your Preschool Child- Part 2 By Sarah Kenealy May 17th 9AM ECC Gym/MPR</p>	<p><i>Science</i></p>	<p>Magnets - We have been playing with magnets and learning more about them. We have made a few experiments with magnets, like "what kind of things a magnets can attract." Watch out!</p>
	<i>Fine Motor</i>	<i>Gross Motor</i>
<p>Spring Beads - Children have been learning and practicing how to tie their shoes with shoe laces. Some have been practicing on the lacing toys for additional practice.</p>	<p>Move Body Parts - Children have been playing with together organized games and also free play.</p>
