Join us for Age Level Information Night

Issue 29: April 22, 2011

Tuesday, April 26, from 6:30-7:30pm, you are invited to join QSI Lower Elementary as we present examples of what your child has been learning in classes. You will be transported back in time to experience elements of Ancient Egyptian and Roman culture, view models of our solar system and build Samurai helmets as part of our study of Japan. You can also test your knowledge in the popular game, "Are You Smarter Than a 5 Year-Old???"

Information night is a fun and informal event for students, parents and teachers to gather to view activities and presentations of learning.

We are proud of our students and all of the hard work and great accomplishments they have had in the 2010-2011 school year. Please share in our enthusiasm for learning by spending Tuesday evening with us.

Bake Sale to Benefit The Lady Pao Children's Cancer Centre: Prince of Wales Hospital

Tuesday, April 26th the Lower Elementary will host a benefit bake sale during Information Night. Please consider supporting the Lady Pao Children's Cancer Centre by making a purchase.

The Lady Pao Children's Cancer Center was established in 1995. It is the first cancer centre in HK to specialize in the diagnosis and treatment of childhood cancer. As is true in many medical centers, The Lady Pao Children's Cancer Centre is lacking appropriate funding in maintaining up-to-date and/or innovative equipment, medication and rehabilitation equipment.

The Center is close to our hearts having provided first class treatment for over a year to the Oliver Rodrigues-Hesketh, 2 year old brother to Pascale, a Lower Elementary Student. All proceeds raised at the bake sale will go to help future funding of much needed medical treatment and equipment in recognition of the hospital and its staff's dedication to this particular patient.
